A VOICE FOR LIFE

Do you sing? In a choir? As a soloist?
Read on, this is for you.

- Can you sustain your breath through long phrases?
- Is your voice husky after choir practice?
- Why is a teenage voice unstable?
- Are you still able to sing top notes easily?
- What happens to our voice as we become older?

Come to an afternoon workshop hosted by the David Clover Festival of Singing. Our 2024 adjudicator, Frith Trezevant, an experienced singer and teacher, will help you to discover your voice and how it works through practical sessions for all as well as mini master classes with pre-invited soloists. Keep your singing voice from cradle to grave!

Refreshments will be available in the afternoon break.
